Notification Of Loss Of Entitlement To Small Entity Status
Under 37 CFR 1.27(g)(2)

Sir:

This paper is being filed pursuant to 37 CFR 1.27(g)(2).

37 CFR 1.27(g)(2) states:

(g) (2) Notification of loss of entitlement to small entity status is required when issue and maintenance fees are due. Notification of a loss of entitlement to small entity status must be filed in the application or patent prior to paying, or at the time of paying, the earliest of the issue fee or any maintenance fee due after the date on which status as a small entity as defined in paragraph (a) of this section is no longer appropriate. The notification that small entity status is no longer appropriate must be signed by a party identified in § 1.33(b). Payment of a fee in other than the small entity amount is not sufficient notification that small entity status is no longer appropriate.

In accordance with the above-identified rules, Applicant presents the following relevant facts.

Patent No. 7,160,735

Facts:

When this application was filed on November 8, 2002, the inventors were under an obligation to assign all of their rights in the application to Aclara Biosciences, Inc. ("Aclara") and an assignment was subsequently recorded with the United States Patent and Trademark Office (USPTO). Entitlement to small entity status was asserted, and the application was accorded small entity status by the USPTO.

After the payment of the issue fee but prior to the payment of the first maintenance fee, Aclara merged with Apollo Merger Subsidiary, LLC ("Apollo") on December 10, 2004. Apollo merged with Virologic, Inc. ("Virologic") on March 18, 2005. Virologic merged with Monogram Biosciences, Inc. ("Monogram") on September 6, 2005. Monogram was acquired on August 4, 2009 by Laboratory Corporation of America which is a large entity. In accordance with 37 CFR 1.27(g)(2), notification of loss of small entity status must be given to the USPTO when paying the maintenance fee. Applicant is notifying the USPTO of the loss of entitlement to small entity status in the application. Accordingly, the maintenance fee will be paid as a large entity.

Applicant believes that an additional fee is necessary in the amount of \$490, the Commissioner is hereby authorized to charge any fees required by this action or any future action to Deposit Account No. 11-0855.

Should there be any questions relating to the instant application, the Patent Office is invited to telephone the undersigned at (336) 607-7315 to discuss any issues.

Respectfully submitted,
